Fund Objective

One of the first of its kind in India, Green Ethical Fund aims to provide investors with a product that not only fulfils their financial needs but also fits well within their belief system of Shariah Principles of Investing. In collaboration with Islamically, we follow a disciplined approach of investing. Our main focus lies in investing into small and midcap space while maintaining a healthy risk-reward ratio.

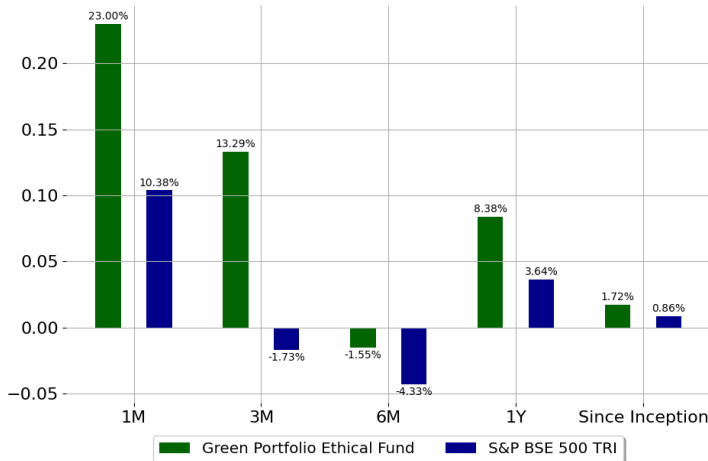

We give utmost importance to corporate governance, growth prospects, industry dynamics, key company fundamentals, valuations and promoter integrity. Apart from screening of stocks, a careful consideration is given to aspects like Purification Ratio etc. Throughout this investment period, we provide comprehensive research reports on a quarterly basis.

TESTIMONIALS

'I have been with Green Portfolio now for two years. The service he and his small team provide has been very personal. The reassurance in words and lucrative returns, especially during these crazy times has strengthened my trust in them. The peace of mind, knowing that my money is well managed is priceless. Thank you, Anuj!'

We support direct onboarding and we work with distributors. The recipient of this marketing material may reach us for more information.

As per SEBI Master Circular dated March 20, 2023 on Portfolio Managers, clients have an option to be on-boarded directly by the Portfolio Manager without intermediation of distributors / advisors. For more details about the Portfolio Manager and direct onboarding option you may refer to the Disclosure Document available on the website of the Company or feel free to please get in touch with us.

The Green Portfolio Ethical Fund invests in listed equities and will have a minor allocation towards cash or liquid debt funds at any point in time - 100% allocation is given to listed equity securities and cash/cash equivalents. Securities in the portfolio is selected basis our investment philosophy. The selection parameters are purely fundamental.

Benchmark: Since the portfolio holdings are mainly small/mid cap listed entities, we have selected S&P BSE 500 TRI as the ideal benchmark.

Risk Factors: Securities investments are subject to market and other risks and the Portfolio Manager provides no guarantee or assurance that the objectives set out in the Disclosure Document and/or the PMS Agreement shall be accomplished.

Past performances of the Portfolio Manager do not guarantee its future performance.

The value of the Portfolio may increase or decrease depending upon various market forces and factors affecting the capital markets such as de-listing of Securities, market closure, relatively small number of scrips accounting for large proportion of trading volume.

The Portfolio Manager has reasonable experience or track record. However, Investment decisions made by the Portfolio Manager may not always be profitable. While the Portfolio Manager shall take all reasonable steps to invest the Funds in a prudent manner, such decisions may not always prove to be profitable or correct. Consequently, the Client shall assume any loss arising from such decisions made by the Portfolio Manager.

Overall economic slowdown, unanticipated corporate performance, environmental or political problems, changes to monetary or fiscal policies, changes in government policies and regulations with regard to industry and exports may have direct or indirect impact on the investments, and consequently the growth of the Portfolio.
